Monday: **Mexican Sweet Potatoes IP**

Recipe Here: http://bit.ly/2sJT3Y5

Note: This recipe tells exactly how to use the Instant pot. LOVING IT. I always make salsa chicken, so I am excited for this new version of Mexican chicken.

Also Stuffed sweet potatoes are secretly of my favorite. Daddy Darnell always looks at me crazy when I tell him we are just having potatoes for dinner.

I set this up as a "sweet potato bar" with all the stuffing ingredients out so everyone can make their potato exactly how they like it.

Tuesday: **Chipotle Burgers with Roasted Cauliflower**

Recipe Here: burgers http://bit.ly/2t3BxAm

Cauliflower http://bit.ly/2t2Uxza

Note: Lately I constantly want a hamburger. Maybe because it's summer? Maybe because grilling my food means less dishes to wash? I haven't tried these but they look DELICOUS.

Wednesday: **Chicken Lettuce Wraps**

Recipe Here: http://bit.ly/2rZgZcF

Note: I almost didn't put this one on the menu because it has a few weird ingredients. But I swear y'all these special ingredients are what make this taste like take-out.

I will most likely serve this with some sort of rice so Daddy Darnell doesn't act like he is going to starve to death. (I seriously hear "Is this all we are eating?" at least once a week.)

Thursday: **Tortellini soup**

Recipe Here: http://bit.ly/2sYWGeC

Note: Going all out here is a carb loaded soup. I'm okay with it. I mean, it has carrots in it so it's healthy right? Whatever. It's only bikini season.

Friday: **Homemade Pizza**

Recipe Here: There actually is no recipe for this one. We just buy cheap premade pizza dough, sauce and whatever toppings we feel like for the night. I almost always pick pepperoni. Mozzarella and tomato is also a household fav. Have fun with it. Let the kids help. Enjoy your Friday night ☺
